

Decision-makers come together at the marketplace for intralogistics in the heart of Europe

LogiMAT, the International Trade Fair for Distribution, Materials Handling and Information Flow, has set new standards as the biggest annual intralogistics exhibition in Europe.

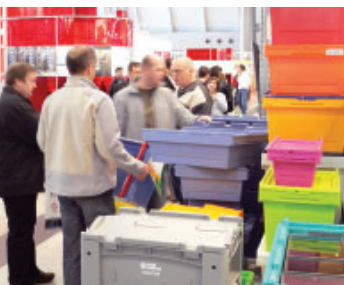

Between 2 and 4 March 2010 international exhibitors and decision-makers from industry, trade and the service sector will be coming together at the new exhibition centre at Stuttgart Airport to find new business partners. The focus will be on innovative products, solutions and systems for procurement, warehouse, production and distribution logistics.

The location is ideal – Stuttgart, right in the heart of Europe, in the region of Baden-Württemberg. This region leads the intralogistics sector in Europe and it is set to expand this role even further. The new exhibition centre in Stuttgart is Europe's most modern facility of its kind. Perfectly located with a direct link to the airport, rail network and A8 motorway.

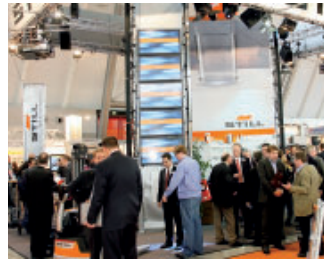

The sector comes together in Stuttgart!

More than 700 exhibitors on 52,000 square metres.

Airport

Exhibitor Areas

- **Materials handling and storage technology**
- **Warehousing and operational equipment**
- **Warehouse and production controls/Robotics**
- **Packaging, weighing, measuring and franking**
- **Loading technology, loading systems**
- **Retrofitting**
- **Ground conveyors and accessories**
- **Information and communication technology**
- **Order-picking systems**
- **Labelling and identification**
- **(Software for) simulation**
- **Software for storage systems**
- **Software for despatches and transport**
- **Software for stock management, inventories and archiving**
- **Energy, environmental technology, recycling and waste disposal**
- **Security**
- **Outsourcing partners**
- **Logistics facilities**
- **Consultation, planning and implementation**
- **Authorities, organisations, training and media**

The success of LogiMAT is based on three strategic components:

- + **Compact:** Marketplace for trade talks
- + **Competent:** Trade forums in the halls
- + **Concrete:** Live demonstrations

Trade forums – overview

Tuesday, 2 March

Duration: approx. 1.5 hours per theme.

- Official Opening Ceremony of LogiMAT 2010
- Warehouse management out of the socket on the wall
- Optimising stocks during the crisis
- AutoID technology and the 'Internet of Things'
- Efficient use of production software!
- Innovative ways to manage the rising complexity of intralogistics systems

Wednesday, 3 March

- Don't play with fire – fire protection in the high-bay warehouse
- Transport packaging – Sustainable materials and more intelligent packaging strategies
- Successful planning of automated guided vehicle systems (AGVS)
- Fit @ Work – even with an ageing workforce?!

IFT Day: "Intralogistics – Future – Technology"

- New processes and methods in designing logistics systems
- Automatic identification – example: pharmaceuticals industry
- Analysis of wearing parts on polyurethane wheels and castors
- Presentation of an online course in logistics management, from the University of Stuttgart

Thursday, 4 March

- Logistics facilities: The future of project development
- The limits of automation
- Auto-ID: Baseline technology in logistics
- Green logistics
- Compliance management in logistics
- Specialist and managerial staff in intralogistics
- New trends in education and training
- Tailor-made protection – Focus on transport packaging and load securing
- Safety technology – quo vadis?

The language of the conference is German. Simultaneous interpretation into English is provided for those forums marked in colour.

Participation in the forums is free of charge to ticket holders. The organiser reserves the right to change the programme at short notice.

Visitor services

Venue

New Stuttgart Trade Fair Centre, next to the airport

Date

2 to 4 March 2010

Opening hours

9.00 a.m. to 5.00 p.m.

Occupied halls

1, 3, 5, 7

Entrance

One-day ticket

€ 28,-

(incl. participation in the events of the accompanying programme and the catalogue to the fair)

3-day ticket

€ 35,-

(incl. participation in the events of the accompanying programme and the catalogue to the fair)

All tickets can be purchased online under www.logimat-messe.de and at the cash desk of the exhibition.

Pupils/Students 50% discount. Tickets with discount can only be purchased at the cash desk of the trade fair.

Catalogue bought separately € 10,-

Meet the market at STUTTGART

The trade-fair highlight for in-company material flow and computer-controlled processes from procurement to production and distribution in the heart of Europe
